This technical drawing shows a side view of a metal bracket assembly. It consists of a horizontal rail with a series of small, evenly spaced holes along its top edge. A vertical support is attached to the left end of the rail. A diagonal brace is attached to the bottom of the vertical support and extends upwards and to the right, connecting to the bottom of the rail. The brace has several oval-shaped cutouts along its length. The rail has a flange on its bottom edge. The drawing is a line drawing with no shading.
